Media Release

EIFS Council of Canada announces ECC Architectural Design Awards Program Finalists

(May 06, 2019, Toronto, ON) The EIFS Council of Canada (ECC) is pleased to announce the 2018-19 ECC Architectural Design Awards Program finalists. The projects receiving the Finalist Awards are as follows: Amica Peel Village Brampton (ON), AMJC Mosque Brampton (ON), Best Western Merritt (BC), Riordan Dental Care Building (ON), Shoppers World (ON), The Radius (BC), and Waterview Developments Phase 1 Condominiums (ON).

The ECC Architectural Design Awards Program received an excellent response with EIFS project submissions from across Canada and all categories that facilitated the need to add more Finalist Awards than in prior years. The chosen projects exhibited excellence in the areas of design, contribution to

community, sustainability, technical excellence, and the innovative use of EIFS. The Finalists projects, along with their responsible architectural, developer, EIFS systems and contractor teams are as follows:

Amica Peel Village Brampton

Architect: A. Robert Murphy Architect Incorporated

EIFS Manufacturer: Adex Systems Incorporated
EIFS Contractor: MNC Construction Incorporated

Waterview Developments Phase 1 Condominiums

Architect: ICON Architects Incorporated

Client/owner: LJM Developments

EIFS Manufacturer: BASF Wall Systems

EIFS Contractor: Kaya Wall Assembly

“Our ECC design awards finalists continue to showcase the use of EIFS in aesthetically pleasing, diverse and innovative built projects across this country,” remarked John M. Garbin, President and CEO of the ECC, “In fact, this years judging panel had to not only contend with a large number of excellent project submissions, several could have been clear finalists in more than one project category”

The submitted projects were evaluated and judged by a five member judging panel comprised of: Steven Kirshenblatt (Senior Partner, Kirkor Architects and Planners), Przemyslaw Myszkowski (KNYMH Inc.), Linas Saplys, (Saplys Architecture Inc.), Kazim Kanani (Quadrangle Architects Ltd.), and Robert Silano (Ontech Building Consultants Inc.).

The judging panel had the difficult task of selecting the overall Grand Prize winner from the seven excellent finalist projects. The Grand Prize recipient will be formally announced at the ECC Architectural Design Awards Dinner at the Angus Glen Golf Club in Markham, Ontario on June 12th, 2019. All of the 2018-2019 ECC Architectural Award recipients will receive their awards and be recognized and celebrated at the Awards Dinner that is held in conjunction with the annual ECC AGM and Conference.

The EIFS Council of Canada (ECC) serves as the “official voice” for the Canadian EIFS industry with a mandate to provide for the advancement and growth of the industry across the country, through advocacy, education and marketing.

The ECC brings together leading National and International companies to form a collaborative network of vested stakeholders. While unifying and advancing industry interests, the ECC also supports individual innovation and entrepreneurial efforts. The ECC is uniquely qualified to draw from its diverse membership profile, enabling it to both explore and strengthen EIFS’ growing building science foundations and end user value-proposition.
