

## Media Release

### **EIFS Council of Canada Architectural Design Awards Program Submissions phase is approaching!**

**(January 27, Toronto, ON)** The submissions phase for the EIFS Council of Canada's (ECC) Design Awards Program is fast approaching! All interested candidates are encouraged to register or nominate a project prior to the submissions phase. Candidates have until **January 31<sup>st</sup> 2020** to register, and will have until **April 3<sup>rd</sup>, 2020** to submit their projects. All interested candidates are encouraged to submit their projects as soon as possible, via the ECC Awards website by **April 3<sup>rd</sup>, 2020**.

The ECC Architectural Design Awards Program was established to recognize design professionals and firms which incorporate EIFS products into innovative and creative built projects. The goal of the ECC Awards Program is to create a new benchmark in EIFS construction, and will help professionals to achieve Canada's national objective of creating resilient, sustainable buildings.

The Awards Program is open to all architects, architectural firms, builders or design professionals that have designed and completed a building located in Canada which utilizes EIFS. Eligible buildings must be occupied no sooner than January 1st, 2018 and no later than January 31st, 2020.

**Submissions packages must be received no later than 12:01am April 3<sup>rd</sup>, 2020.** For more information on what to prepare for the project submission packages, please visit: <http://eifscouncil.org/eifs-design-awards-program>

Award finalists will be announced on **May 15<sup>th</sup>, 2020**. For more information on the EIFS Council of Canada Architectural Design Awards Program and full details on categories, registration and submissions, please visit: <http://eifscouncil.org/eifs-design-awards-program>

***The EIFS Council of Canada (ECC) serves as the “official voice” for the Canadian EIFS industry with a mandate to provide for the advancement and growth of the industry across the country, through advocacy, education and marketing.***

*The ECC brings together leading National and International companies to form a collaborative network of vested stakeholders. While unifying and advancing industry interests, the ECC also supports individual innovation and entrepreneurial efforts. The ECC is uniquely qualified to draw from its diverse membership profile, enabling it to both explore and strengthen EIFS’ growing building science foundations and end user value-proposition.*
